

Singapore Report - Tank Terminal Market

Table of contents

1	Introduction	5
2	Analysis framework and research methodology.....	6
2.1	Analysis framework.....	6
2.1.1	Market fundamentals	9
2.1.2	Market dynamics	11
2.2	Research methodology	11
3	Important themes for Tank Terminal market in the Greater Singapore Area	13
3.1	South East Asian Restrictions on Emissions.....	13
3.2	Bunker fuel specification changes: IMO 2020.....	13
3.3	Logistical Developments in South East Asia	14
4	Logistics: outlook for oil products demand, supply and trade flows.....	15
4.1	South-East Asian oil and petrochemical downstream sector	15
4.1.1	Oil products production	15
4.1.2	Petrochemical industry.....	17
4.2	South-East Asian oil products supply and demand	19
4.2.1	Historic volumes	19
4.3	South East Asian trade flows	33
4.3.1.	South East Asian Oil Products Gross Trade.....	33
4.3.2.	South East Asian Fuel Oil, Diesel & Gasoline Imports and Exports	34
4.3.3.	Singapore Gross Trade, Imports & Exports, and Trade Imbalance	35
4.3.4.	Singapore Fuel oil, Diesel and Gasoline Trade Flows	36
4.4	Impact of logistics on tank storage business in the Greater Singapore area	39
4.4.1	Impact for Gasoline product storage	39

4.4.2	Impact for Gasoil/Diesel product storage.....	40
4.4.3	Impact for Fuel oil product storage	40
5	Oil price forward curve outlook	41
5.1	Oil derivatives markets and its link to tank storage markets.....	41
5.2	Recent evolution of oil products forward curves.....	42
5.3	Mechanics of forward curve dynamics.....	43
5.4	Outlook for Brent crude futures calendar spreads	44
5.5	Scenario's that could lead to a backwardation	45
6	Tank storage capacity developments.....	47
6.1	Evolution of Greater Singapore TT capacity.....	47
6.2	Greater Singapore tank terminal capacity expansions	48
7	Competitive structure in the Gr. Singapore tank terminal market	48
7.1	Demand side market structure.....	49
7.1.1	LPG/pressurized gasses	49
7.1.2	Naphtha/gasoline	50
7.1.3	Middle distillates	51
7.1.4	Jet-kerosene	53
7.1.5	Fuel oil.....	55
7.2	Supply side market structure.....	56
7.2.1.	Singapore Supply Side Market Structure.....	56
7.2.2.	Malaysia Supply Side Market Structure.....	57
7.2.3.	Indonesia Supply Side Market Structure	58
7.2.4.	Future Supply Side Market Developments.....	59
8	Tank storage rates	60
8.1	Fuel oil storage rates.....	61
8.2	Low flash-point storage rates	62
8.3	Middle distillates storage rates	63
9	View on medium term profitability.....	65
9.1	Low flashpoint products (naphtha and gasoline).....	65
9.2	Middle distillates.....	67
9.3	Fuel oil	69
10	Comments and feedback.....	72
11	Disclaimer.....	73
